

LOCAL NEWS.

THE MARKET, this morning, was well supplied with Country produce, and there is a tendency to a decline in vegetables. Tomatoes now sell for 20 cts. per peck—and, by the quantity, cheaper than that; corn 20 cts. per dozen; cabbages from 5 to 20 cts. per head, &c. Fruit is getting to be abundant—peaches from 15 to 20 cts. per quarter peck—apples, various prices, according to quality. Watermelons are offered at from 10 to 60 cts., according to size; these and cantelopes will be very abundant this season. Fresh meat remains as at last quotations, notwithstanding the decline at the North. Eggs 35 cts. per dozen; country wagons were selling them yesterday at 28 cts. They are sold in the adjoining country at from 20 to 25 cts. per doz. The Fish Market continues to be supplied tolerably well. Rock fish, according to size. Small bunches 50 cts.

PRINCE WILLIAM COUNTY.—We were informed some time since and so stated that the election in Prince William County, held on the 1st of June last, for county officers, had been set aside. We were misinformed, however, and we have learned to-day that the magistrates are receiving their commissions, and strong efforts are being made to organize the County in civil jurisdiction, by holding a County Court on the 1st Monday in August. As there is no judge elected for this judicial district, the Clerk of the Circuit Court, we presume will not be able to qualify within the time prescribed by law, and probably another election for that office will be held.

The next sale of steamers at the Washington Navy Yard will embrace a number of very large and desirable vessels, as well as a few of the small tugs. Among those to be sold will be the large sea-going steamer Keystone State formerly running between some of the Atlantic ports; Banshee, Bat, Dunbarton, and Lillian, formerly blockade runners; Delaware, Bell, Cœur de Lion, Yankee, Geranium, Ivis, Perriwinkle, Seymour, of the Potomac flotilla; Lockwood, Phlox and Vixen. To these will be added several vessels of the flotilla, which are expected between now and the 1st of August, at which time the flotilla will be discontinued.

The attention of Restaurant and Ordinary keepers is called to the notice of the Mayor, requiring them to close their places at 10 o'clock p. m. during the week and to keep them closed on Sundays.

Felix Greenapple, a huckster, was arrested this morning and taken before the Mayor, who fined him \$10 and costs for forestalling in the market.

Gen. Montgomery D. Corse, of the late Confederate army, released from Fort Warren, arrived in this place yesterday, and has gone to Charlottesville to join his family.

Jessie Louis has been released from the Old Capitol and turned over to the civil authorities. Louis was arrested some time since as a guerilla in Westmoreland County, Va.

Another very warm day. The thermometer stood at noon, in the shade, at 92.

Communications, Letters from Correspondents, &c., will be inserted next week.

"Honor to whom honor is due," is an old maxim; and the meed of praise is due to that man who performs well his part in any department of human operations. Our present Superintendent of Police is, under this rule, entitled to the full benefit of popular approbation. I do not hesitate to say that he is one of the most diligent and industrious superintendents of Police ever officiating in this city. He undoubtedly improves every moment of time in the performance of his duty, and the present healthful condition of our streets, is due to his energy and persevering diligence. 'Long may he wave!' JUSTICE.

Beware of buying in the Market stale Vegetables and stale Fish. In this warm weather fresh Meat, if overkept, is apt to be tainted, and, if so, never touch it. But the respectable Butchers will not sell you unsound meat. Vegetables, however, are the things to be avoided, if old or stale. Fish you can always detect by their gills and your own nose. FROM TEXAS AND MEXICO.

Later advices from Texas and Mexico state there are between seven and eight thousand Missourians and Texans on their way to Mexico. Governor Allen, of Louisiana, was hourly expected at Monterey. General Shelby had reached Eagle Pass, but was informed by the authorities of Piedras Negras that he would not be allowed to take his men into Mexico with arms in their hands. He and the party accompanying him finally agreed to enter the country as emigrants, and the arms and cannon were accordingly sold to the Liberals, who forwarded them immediately the Chihuahua, where President Juarez has established his seat of Government. Cortinas is represented as having a great number of Americans under his command, and, it is said, looks upon the movement of the United States forces to the frontier as advantageous to the Liberal cause.

The St. Louis Republican of Tuesday says: "We learn that Gen. Dodge before his departure for his new command at Leavenworth, virtually closed up the Secret Service Bureau of the Provost Marshal General's office in this city, and forwarded the papers and records under seal to the War Department at Washington. Among the documents so sent were 3,000 pages of short hand notes that embraced testimony given, from time to time, by United States detectives."

The newspapers condemn the verdict in the case of Miss Harris, recently tried in Washington, and argue to show that such verdicts ought not to be given—but the probability is, that such in cases, similar results will always ensue in this country.

The subject of the Monroe Doctrine, and French intervention in American affairs, now begins to be a prominent subject of consideration in the newspapers. It is manifest that already a large part is prepared for decided action in the matter.

Heavy rains and storms are reported in the Northwest, which, some would make out have damaged the crops—but other accounts say no great damage has been done.

T.) is waiting for the report of Col. De Russey to determine his course as to Emerson Etheridge; that the military authority ought not to be resorted to unless the civil authority fails to act, and then sparingly and not in minor cases, &c.

Judge Sharkey, of Miss., says "he has lost all his servants, but would not vote to restore slavery."

The Charlottesville, Va., Chronicle thinks slavery has injured Virginia, and that the State will hereafter profit and flourish better without the institution.

There is a great rush of business men to Atlanta, Ga. Rents have reached almost fabulous figures and buildings are going up on every vacant lot.

A movement is on foot by colored men to purchase the Charleston Mercury and publish it as an anti-slavery journal!

Harvard, Yale and other colleges are discussing what will be the best permanent memorials for their dead who perished upon the field of battle or died in the public service during the late war.

A paragraph appears in the papers stating that Attorney General Speed is preparing an opinion to sustain the jurisdiction of the Military Commission in the late trial of the assassins.

A colored person is not allowed to vote in New York unless he has resided in the State three years, and is a free holder in value of two hundred and fifty dollars, and paid taxes thereon.
